Community-Engaged Scholarship

Youth Engagement Network, ONE Foundation, WV (2020-present)

Guided statewide research for the creation of the "Youth Engagement Best Practices Guide," which supports a network of youth engagement practitioners and young people across Appalachia. I also serve as the facilitator for the Network.

Community Collaborative Network, WV (2019-present)

Assisting in the creation and maintenance of an organizational network structure among community development practitioners and researchers to advance community development practice in West Virginia.

Community Coaching Fellowship, West Virginia Community Development Hub, WV (2020-present)

This peer-learning program allows community leaders to enhance their skills in community development practice and facilitation in order to work with West Virginia communities in supporting positive community social and economic change.

Libera, Morgantown, WV (2019-2020)

Assisted staff in evaluation and creating an evidence-based organizational model.

Potomac Highlands Volunteer Center, Parsons, WV (2018)

Assisted staff in establishing knowledge of and relationships with community stakeholders through survey research.

Volunteer West Virginia, Charleston, WV (2017 – 2018)

Presented disaster volunteerism research to board members and staff and provided consultation on volunteer recruitment and retention strategies.

Academic Research Collaborations

Think Tank for Social Research on Cannabis, West Virginia University (2019 – present)

This organization is comprised of undergraduate and graduate students as well as faculty focused on understanding the social implications of cannabis use as a normative aspect of American culture; providing opportunities to engage in mentoring and; using public sociology to provide updated information on cannabis news, policy, and research through social media and our blog.

The Data HEART of West Virginia, West Virginia University (2018 – 2019)

This team focuses on research issues of population health that affect West Virginia while fostering a network of support and collaboration across the nation. I facilitated the process of formalizing this group by building consensus on and creating a name, logo, social media profiles, and website. I also led the group's social media outreach.

Religion and Society at West Virginia University (2017 – present)

This research teams seeks to improve our understanding of religion's role and influence in society.

Service

Project La Resolana Fundraiser, West Virginia University, (2021)

Facilitating collaboration between WVU students and organizations to provide monetary support to Project La Resolana. This project focuses on matching young people with their requested racially and ethnically representative literature and children's books.

Racial Justice Project, West Virginia University, (2020-present)

Volunteering with a group of graduate students to create anti-racist educational content for an interactive website to foster University and public engagement with anti-racist values, pedagogy, and practice.

Research Apprenticeship Program, Secondary Mentor, West Virginia University (2019-present)
Providing direct mentoring to two undergraduate students on research methods, research ethics, and project management for completion of independent undergraduate research projects.
